

NOTICE OF COMMENCEMENT OF ENVIRONMENTAL SCREENING PROCESS FOR THE TOWNSHIP OF BONNECHERE VALLEY RUBY ROAD WASTE DISPOSAL SITE CAPACITY EXPANSION

The Township of Bonnechere Valley has initiated the Environmental Screening Process (ESP) in accordance with Ontario Regulation 101/07 under the *Environmental Assessment Act* (EAA). This regulation is directed partially at small, rural waste disposal sites and select waste projects are deemed exempt from Part II of the EAA if the environmental screening process is completed. The ESP is intended to determine the feasibility of a capacity expansion at the Ruby Road Waste Disposal Site as a long-term (25-year) solution that will best meet the needs of the municipality with respect to the management of municipal solid waste generated within its boundaries.

Members of the public, stakeholder groups and agencies, and other interested persons are encouraged to actively participate in the planning process by attending consultation opportunities or contacting staff directly with comments or questions. Consultation opportunities are planned throughout the process and will be advertised in a variety of formats including: the Township of Bonnechere Valley website, radio announcements, regional newspapers, and direct mail-outs to interested parties.

Information regarding the Township of Bonnechere Valley's ESP will be available on the Township's web site: www.bonnecherevalleytwp.com

**Dated at the Township of Bonnechere Valley
on the 12th day of November, 2007
