The ESP is intended to determine the feasibility of a capacity expansion at the Ruby Road Waste Disposal Site as a long-term (25-year) solution that will best meet the needs of the municipality with respect to the management of municipal solid waste generated within its boundaries.

Public participation is an integral component of this process; therefore, all parties having interest in the ESP are encouraged to attend this event to provide comments, information, ideas, and concerns about the expansion of capacity at the Ruby Road Waste Disposal Site.

At the Public Consultation Event, a presentation will be given and the public will have the opportunity to ask questions and provide comments. Attendance is therefore highly encouraged.
